## Reference Documents for the Ordinary General Meeting of Shareholders

### Matters to be voted on and information:

#### Proposal No. 1: Appropriation of surplus

The Board proposes the payment of a dividend of ¥20.0 per share, after taking into account various factors including the Company's operating results for the fiscal year under review and the business environment, based on the Company's dividend policy. As a result, the annual dividend will amount to ¥39.0 per share, an increase of ¥1.0 compared to the previous fiscal year, including an interim dividend of ¥19.0 per share.

#### 1. Matters regarding year-end dividend:

- (1) Matters related to the allocation of the dividend property to shareholders and the total amount thereof:

¥20.0 per share of the Company's common stock

Total amount: ¥18,250,317,060

- (2) Effective date of payment of dividend:

March 31, 2017

#### The Company's Dividend Policy

We consider the appropriate return of profits to shareholders to be one of the most important management issues and have distributed a dividend to shareholders in every financial period since its establishment in 1907. We believe that shareholders' needs can be met by maintaining stable dividend payments after comprehensive consideration of various factors including (i) the Company's operating results for each fiscal year, (ii) the consolidated dividend payout ratio, which takes the actual profit level into account, and (iii) future management measures.

In specific terms, we will enhance shareholder return through stable dividends by paying dividends at a consolidated dividend payout ratio on normalized EPS of 30% or higher.

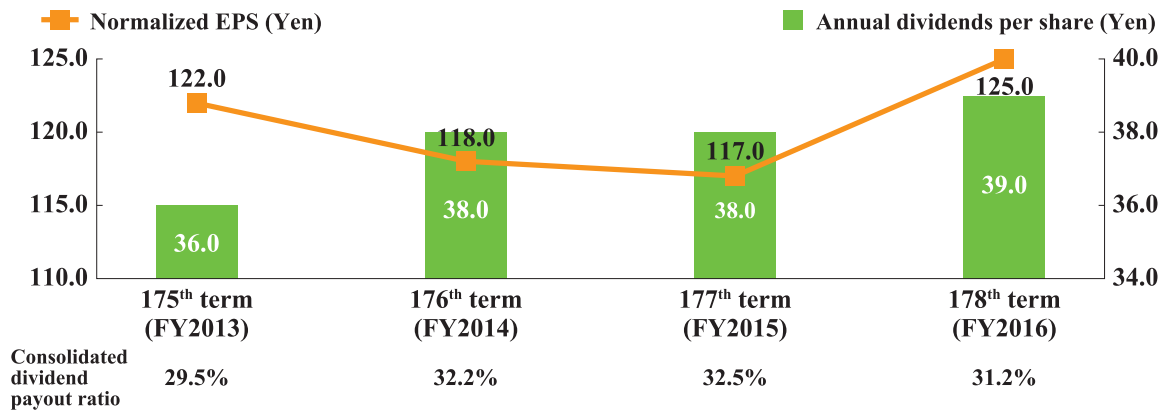

Retained earnings will be allocated to business and capital investments that contribute to enhancing future corporate value. We will also consider opportunities to acquire treasury stock based on financial flexibility and the progress made in creating free cash flows, etc.

\* Normalization: Removing special income and expenses and other non-recurring items to reflect actual earnings more accurately.

\* Normalized EPS = Adjusted net income/Average number of shares outstanding during the period

Adjusted net income = Net income + Amortization of goodwill, etc. ± special income or expenses after income taxes and minority interests

(Reference) Annual dividends per share and normalized EPS

1. In July 2007, the Company changed its former name, Kirin Brewery Company, Limited, to Kirin Holdings Company, Limited, and became a pure holding company, while the Company's domestic alcoholic beverages business was transferred to a separate company through the corporate split, and the separate company was renamed Kirin Brewery Company, Limited.
2. In January 2013, administration function of the Japan Integrated Beverages Business of the Company was transferred to KIRIN Company, Limited, through the corporate split.

Criteria regarding the Independence of Outside Officers

For Outside Directors and Outside Audit & Supervisory Board Members\* of the Company to be considered as independent, none of the following criteria may apply to the respective Outside Director or Outside Audit & Supervisory Board Member.

- (1) A person for whom the Company (including its consolidated subsidiaries; the same shall apply hereinafter) is a major client
- (2) A person who is an executive director, corporate officer, executive officer, manager or other employee of a firm for whom the Company is a major client
- (3) A person who is a major client of the Company
- (4) A person who is an executive director, corporate officer, executive officer, manager or other employee of a firm which is a major client of the Company
- (5) A lawyer, certified public accountant, tax accountant, or consultant, etc. who receives money or other economic benefit in excess of a certain amount from the Company aside from the officer's remuneration
- (6) A person who belongs to a firm, union, or other similar entity (including a law office, auditing firm, tax accountant firm, or consulting firm, etc.) which receives money or other economic benefit in excess of a certain amount from the Company
- (7) A person who receives donations or other assistance in excess of a certain amount from the Company
- (8) A person who is a director of or otherwise executes duties for a firm, union or other similar entity which receives donations or other assistance in excess of a certain amount from the Company
- (9) A person who is an executive director, corporate officer, executive officer, manager or other employee of a firm for which an Executive Director or Audit & Supervisory Board Member of the Company acts as outside director or outside auditor
- (10) A person to whom any of aforementioned criteria (1)–(9) has applied within the past 3 years
- (11) Where a person to whom any of aforementioned criteria (1)–(9) applies serves as a senior executive or higher, the person's spouse or other relations within the second degree of kinship
- (12) A person who is a spouse or other relation within the second degree of kinship to a Director of the Board, Corporate Officer, Executive Officer, Manager or other important employee of the Company

- (Notes) 1. Regarding criteria (1) and (2), “A person (or firm) for whom the Company is a major client” refers to a person (or firm) who received payment from the Company in the most recent business year which accounted for either 2% or more of consolidated sales for the year for that person (or firm), or over ¥100 million, whichever is the higher amount. If consolidated accounting is not adopted by the person (or firm), total revenue or non-consolidated sales for the year should be employed in place of consolidated sales for the year.
2. Regarding criteria (3) and (4), “A person (or firm) who is a major client of the Company” refers to a person (or firm) who made payment to the Company in the most recent business year which accounted for 2% or more of the Company’s consolidated sales for the year, or who finances 2% or more of the Company’s consolidated total assets at the end of the most recent business year.
3. Regarding criteria (5), (7) and (8), “a certain amount” is considered as ¥10 million per year.
4. Regarding criteria (6), “a certain amount” is considered as either 2% or more of total revenue for the most recent business year for that firm, union or other similar entity, or over ¥100 million, whichever is the higher amount.

\* “Audit & Supervisory Board Member(s)” and “Audit & Supervisory Board” described herein mean “*Kansayaku*” and “*Kansayaku-kai*” stipulated in the Japanese Companies Act respectively.

**Proposal No. 3:**            Payment of bonuses to Directors of the Board and Audit & Supervisory Board Members

In due consideration of the achievement level of consolidated performance indicators and share price index, etc., established by the Company, for the fiscal year under review the Board proposes the payment of bonuses of ¥149.02 million in total to nine (9) Directors of the Board who held office as of the end of the fiscal year under review (of which, ¥5.0 million in total will be paid to four (4) Outside Directors). It also proposes the payment of bonuses of ¥17.25 million in total to five (5) Audit & Supervisory Board Members who held office as of the end of the fiscal year under review (of which, ¥3.75 million in total will be paid to three (3) Outside Audit & Supervisory Board Members).

We would like to leave decisions on payment amount for each Director of the Board and Audit & Supervisory Board Member to the Board and mutual consultation by Audit & Supervisory Board Members, respectively.

**Proposal No. 4:** Revision of remunerations to Directors of the Board and Audit & Supervisory Board Members

The remuneration limit for Directors of the Board of the Company is ¥50 million per month (resolved at the 164<sup>th</sup> Ordinary General Meeting of Shareholders held on March 28, 2003); and the remuneration limit for Audit & Supervisory Board Members is ¥9 million per month (resolved at the 167<sup>th</sup> Ordinary General Meeting of Shareholders held on March 30, 2006).

The Company, in an effort to further enhance its corporate value and promote a sense of sharing value with the shareholders, intends to revise the remuneration system of Directors of the Board and establish greater linkage between remuneration to Directors of the Board excluding Outside Directors and business performance. The Company, therefore, proposes to revise the remuneration to Directors of the Board from a monthly amount to a yearly amount; to pay a bonus to the Directors of the Board excluding Outside Directors in addition to the fixed basic remuneration within the remuneration limit; and after comprehensive consideration of factors such as the amounts paid in the past, the remuneration levels of other companies and the number of Directors of the Board in office, to change the remuneration limit to ¥950 million per year (of which the remuneration limit of Outside Directors will be ¥80 million per year). The Company also proposes to pay bonuses to Directors of the Board excluding Outside Directors according to factors determined by the Company, such as the degree of achievement of the consolidated performance indicators. As Outside Directors are to be compensated commensurate with their duties to supervise and advise the management of the Company and the Kirin Group as a whole from an objective perspective, only the fixed basic remuneration shall be paid hereafter. Fixed basic remuneration to Directors of the Board and bonuses to Directors of the Board excluding Outside Directors shall be determined by the Board within the remuneration limit noted above, upon deliberation by the Nomination and Remuneration Advisory Committee.

Additionally, in terms of remuneration to Audit & Supervisory Board Members, after comprehensive consideration of factors such as the amounts paid in the past, the remuneration levels of other companies and the number of Audit & Supervisory Board Members in office, the Company proposes to change the remuneration limit to ¥130 million per year, in conjunction with the revision of remuneration to Directors of the Board. As Audit & Supervisory Board Members are to be compensated commensurate with their duties to audit the execution of duties of the Directors of the Board from an objective perspective, only the fixed basic remuneration shall be paid hereafter.

Currently, the number of Directors of the Board is nine (9) (including four (4) Outside Directors), and will remain to be nine (9) (including four (4) Outside Directors), if the proposal No. 2 is approved as proposed. The number of Audit & Supervisory Board Members is currently five (5) (including three (3) Outside Audit & Supervisory Board Members) and will remain the same after the close of this Ordinary General Meeting of Shareholders.

Employee salaries are not paid to Directors of the Board of the Company.

**Proposal No. 5:** Determination of the amount of remuneration in the Restricted Stock Compensation System for Directors of the Board

The Company, for the purposes of further promoting the sharing of value between the Directors of the Board and the shareholders, and establishing a remuneration system that contributes to the enhancement of corporate value in the medium to long term, proposes to introduce the Restricted Stock Compensation System as follows.

The Company, therefore, proposes to set a remuneration limit of ¥250 million per year for Directors of the Board relating to this compensation system, separately from the amount of remuneration for Directors of the Board in the proposal No. 4, in order to provide monetary compensation receivables for the allocation of restricted stock. The specific timing of the provision and the allocation to each Director of the Board shall be determined by the Board upon deliberation by the Nomination and Remuneration Advisory Committee.

Officers eligible under this system shall be the Directors of the Board of the Company excluding Outside Directors, and currently the number of Directors of the Board excluding Outside Directors is five (5), and will remain to be five (5), if the proposal No. 2 is approved as proposed.

#### Outline of the System

##### (1) Overview

Under this system, the Company shall grant Directors of the Board excluding Outside Directors (“Eligible Directors”) monetary compensation receivables for the allocation of restricted stock, each business year as a general rule, and, by having the Eligible Directors make contribution in kind using the monetary compensation receivables as contributed assets, shall issue or dispose of its common shares to the Eligible Directors and allow them to hold such shares. The Company shall conclude a restricted stock grant agreement (“Grant Agreement”) with the Eligible Directors, and with regard to the shares granted pursuant to the Grant Agreement (“Granted Shares”), the Eligible Directors shall not be allowed to transfer, create a security interest on, or otherwise dispose (“Transfer”) of them at will (“Restrictions”) during a given period provided by the Grant Agreement (“Restriction Period”). In addition, the Company shall lift the Restrictions on all or part of the Granted Shares, according to the degree of achievement of the indicators in the initial business year of the Restriction Period set by the Board including major performance indicators set in the Medium-Term Business Plan, at the expiry of the Restriction Period. However, the Company shall acquire free of charge the Granted Shares for which the Restrictions are not lifted.

Other details regarding the administration of this System shall be determined by the Board upon deliberation by the Nomination and Remuneration Advisory Committee.

##### (2) Amount of the monetary compensation receivables to be provided and the maximum number of shares to be granted under the System

The total amount of monetary compensation receivables to be provided to Eligible Directors shall be no greater than ¥250 million per year, and the total number of Granted Shares to be granted to Eligible Directors shall be no greater than 312,500 shares during one business year. However, if, after the close of this Ordinary General Meeting of Shareholders, a stock split, consolidation of shares or any other circumstance with respect to the Company’s common stock occurs that necessitate the adjustment of the total number of restricted stock to be allocated, the total number of Granted Shares shall be reasonably adjusted.

(3) The amount to be paid per share

The amount to be paid per share shall be determined by the Board within the scope that would not be considered specially advantageous to the Directors of the Board who are granted the common shares of the Company under the System, that is, the closing price of common shares of the Company on the Tokyo Stock Exchange on the business day immediately preceding the date of each resolution by the Board (or the closing price on the transaction day immediately prior thereto if no transaction is made on such business day).

(4) Outline of the Grant Agreement

1) Restriction Period

The Restriction Period shall be a period between two (2) and three (3) years, determined in advance by the Board as a general rule, and during such period, Eligible Directors shall not Transfer the Granted Shares.

2) Lift of Restrictions subject to business performance conditions

The Company shall lift the Restrictions on all or part of the Granted Shares according to the degree of achievement of the indicators in the initial business year of the Restriction Period set by the Board including major performance indicators set in the Medium-Term Business Plan, at the expiry of the Restriction Period. However, with respect to a certain portion of the restricted stock to be granted, Restrictions shall be removed at the expiry of the Restriction Period as a general rule regardless of the degree of achievement of the indicators, in order to encourage Eligible Directors to hold the Company's stock. In addition, such Restrictions shall be lifted as a general rule, on the condition that the Eligible Director continuously serves as the Director of the Board, Executive Officer, Audit & Supervisory Board Member or employee of the Company or a subsidiary of the Company during the Restriction Period.

At the expiry of the Restriction Period, the Company shall as a matter of course acquire free of charge the Granted Shares for which the Restrictions have not been lifted in accordance with the above provisions.

3) Treatment upon loss of position

In the event that, prior to the expiry of the Restriction Period, the Eligible Director loses his or her position as Director of the Board, Executive Officer, Audit & Supervisory Board Member or employee of the Company or a subsidiary of the Company, with the exception of cases where the loss of position is due to reasons recognized as legitimate by the Company's Board, such as expiration of term or death, the Company shall as a matter of course acquire free of charge the Granted Shares. In cases where the loss of position is due to reasons that are recognized as legitimate by the Company's Board, such as expiration of term or death, the number of the Granted Shares for which Restrictions are to be lifted and the timing of the lifting of the Restrictions shall be reasonably adjusted as necessary.

4) Treatment upon reorganization, etc. of the Company

In the event that, during the Restriction Period, a merger agreement in which the Company becomes the non-surviving company, a share exchange agreement or a share transfer plan under which the Company becomes wholly-owned subsidiary of another company, or any other arrangement including the reorganization of the Company is resolved at the Company's General Meeting of Shareholders (or at the Board Meeting of the Company, if the reorganization, etc. does not require the approval of the General Meeting of Shareholders), reasonable adjustments shall be made, as necessary, to the number of Granted

Shares for which Restrictions are to be lifted and the timing of the lifting of the Restrictions, by resolution of the Board of the Company.

5) Other matters to be determined by the Board

Other matters relating to the System shall be determined by the Board and shall be considered to be a part of the Grant Agreement.

(Reference)

The Company, on the condition that the proposal No. 5 is approved as proposed, plans to apply the similar Restricted Stock Compensation System as the above to Executive Officers of the Company and to Directors of the Board and Executive Officers of KIRIN Company, Limited, a subsidiary of the Company.

**BUSINESS REPORT**

(For the period from January 1 to December 31, 2016)

**1. Overview of Kirin Group business operations**

**(1) Results of business operations**

During the consolidated fiscal year under review, despite slight trends toward economic recovery in China and other emerging Asian countries as well as in the resource-producing countries, the world economy remained uncertain due to fluctuations in the international financial and capital markets, changes in political environments in countries, and concerns over geopolitical risk.

At the beginning of 2016, the Japanese economy was stagnant due to the appreciation of the yen and falling crude oil prices, but has been on a generally upward trend since the weakening of the yen due to the political and economic situation in the United States. Despite some weakness in personal spending, it has been strong overall supported by steady improvements in the employment and income environments, and maintained a gradual recovery as a whole.

In fiscal year 2016, the Kirin Group launched the Kirin Group Medium-Term Business Plan 2016-2018 (“2016 MTBP”), the first three-year plan aimed at achieving its new Long-Term Management Vision, the New Kirin Group Vision 2021 (“New KV2021”). Under the 2016 MTBP, in an effort to revitalize the Kirin Group by restructuring, we took initiatives to bolster the competitiveness of our businesses through clearly prioritized investments, with the highest priority placed on improving profitability (refer to page 37). As a result, during the consolidated fiscal year under review, with regard to the key initiatives, we made progress toward “restructuring and revitalizing low-profit businesses” ahead of schedule, particularly with regard to restoring the performance of Kirin Beverage Company, Limited and Brasil Kirin Participações e Representações S.A. (“Brasil Kirin Holding S.A.”), and our progress toward “investing to achieve outstanding growth in the Pharmaceuticals and Bio-chemicals Business” was as planned. Meanwhile, there remained issues with regard to “investing, strengthening and growing profit base in the beer businesses,” including in particular a year-on-year decline in sales volume of beer products overall at Kirin Brewery Company, Limited.

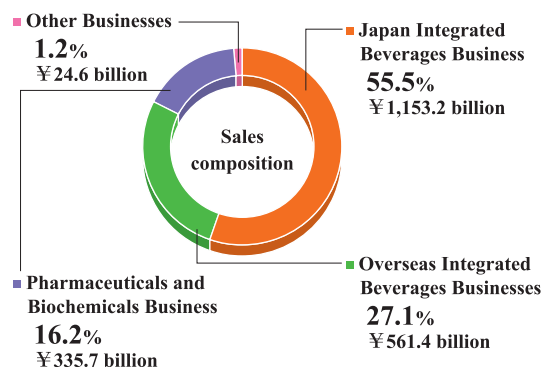

During the consolidated fiscal year under review, consolidated sales decreased reflecting factors such as, in the Japan Integrated Beverages Business, a decline in sales volume of beer products by Kirin Brewery Company, Limited and the effect of the change in the accounting process from the second quarter in Kirin Beverage Company, Limited to deduct part of its sales promotion expenses from sales, in addition to the impact of foreign currency fluctuations in the Overseas Integrated Beverages Businesses. Consolidated operating income increased mainly due to a significant profit increase in Kirin Beverage Company, Limited and progress in initiatives toward improving profitability by each Kirin Group company. Consolidated ordinary income also increased in association with the increase in operating income. Net income attributable to owners of the parent reached a record high, due to the increase in ordinary income and the posting of special income such as the recording of cancellation fees upon termination of the license agreement for the distribution of beer

products with Anheuser-Busch InBev in Australia. With regard to key performance indicators for the 2016 MTBP, ROE (return on equity) before amortization of goodwill, etc. in fiscal year 2016 was 21.9%, a major improvement from the previous fiscal year, and normalized<sup>1</sup> EPS (earnings per share) was ¥125, an increase from the previous fiscal year.

\*1 Normalization: Removing special income and expenses and other non-recurring items to reflect actual earnings more accurately.

## Results for the fiscal year under review

<b>Consolidated sales</b>	<b>¥2,075.0 billion</b> (down 5.5% compared to the previous fiscal year)
<b>Consolidated operating income</b>	<b>¥141.8 billion</b> (up 13.7% compared to the previous fiscal year)
<b>Consolidated ordinary income</b>	<b>¥140.6 billion</b> (up 9.7% compared to the previous fiscal year)
<b>Net income attributable to owners of the parent</b>	<b>¥118.1 billion</b> (-)

### Major Products of Kirin Group Companies

#### Kirin Brewery Company, Limited

*Kirin Ichiban Shibori, Kirin Tanrei Green Label, Kirin Nodogoshi Nama, Kirin Hyoketsu, Kirin Whisky FUJI-SANROKU 50 Degrees*

#### Mercian Corporation

*Château Mercian, Oishii-Sankaboshizai-Mutenka Wine, Frontera, Casillero del Diablo*

#### Kirin Beverage Company, Limited

*Kirin Gogo-no-Kocha, Kirin FIRE, Kirin Nama-cha, Kirin Sekai-no-Kitchen-Kara, Kirin Mets*

In the Japan Integrated Beverages Business, we advanced the creation of value based on the message of “Quality with Surprise,” in which we provide amazement and excitement to our customers through products and services generated by our core strength, namely, craftsmanship with attention to detail and a passion for the perfection of quality.

Kirin Brewery Company, Limited worked to strengthen its flagship brand *Kirin Ichiban Shibori* and develop craft beer<sup>2</sup> with an aim to revitalize the beer market. Total sales volume of the *Kirin Ichiban Shibori* brand grew year on year for the third consecutive year, thanks to positive reception of *Kirin 47 Todofuken no Ichiban Shibori*, which offers different tastes and characteristics for each of Japan’s 47 prefectures. Additionally, in order to promote the growth of the craft beer market, a capital and business partnership agreement was concluded with The Brooklyn Brewery Corporation in the U.S. In the *happo-shu* and new genre categories, sales of *Kirin Tanrei Green Label* and other brands that pursue functional aspects were strong, but sales of *Kirin Tanrei Gokujo Nama* and *Kirin Nodogoshi Nama* was sluggish, which resulted in the year-on-year decline in sales volume of beer products overall. Meanwhile, the RTD<sup>3</sup> and western spirits categories saw strong sales, as the company promoted activities to enhance its brands in growth markets. Furthermore, the company worked to reduce the procurement costs of ingredients and materials and improve the production efficiency of its plants in an effort to strengthen its profit base.

Mercian Corporation continued to strengthen the value of its Japanese wine *Château Mercian* as a flagship brand. The brand received high accolades for winning numerous awards in wine competitions both in Japan and overseas. It also worked to strengthen its brand portfolio, aiming for the medium- to long-term expansion of the wine market. In terms of imported wine, the company focused in particular on the Chile wine *Casillero del Diablo*, the product in the medium-priced to high-end categories, and posted a significant year-on-year growth in sales volume. Sales volume of *Gyu gyu to Shibotta Sangria*, aimed at growing the wine-drinker base, also grew by a large margin.

At Kirin Beverage Company, Limited, sales volume of the flagship brand *Kirin Gogo-no-Kocha*, which marked the 30th anniversary of its launch, exceeded 50 million cases

for the first time ever thanks to strong sales of its core products, milk tea, lemon tea, straight tea, and *Oishii Muto* (sugar-free). The performance of *Kirin Nama-cha*, for which an effort had been made to solidify its brand position in the sugar-free tea category, was very strong after a complete renewal in March. It sold 26.2 million cases, more than 1.5 times the initial target. In the coffee category, *Kirin FIRE* underwent a complete renewal in October with a view to strengthening the brand, leading to strong growth in sales volume. As a result, the overall sales volume of non-alcoholic beverages increased at a rate substantially exceeding that of the market. Alongside these efforts to increase brand value, the company worked to fundamentally reform its revenue structure through various means including thorough management of sales targets with a focus on products in cans and small PET bottles and improvement of manufacturing efficiency at its plants.

- \*2 The Company considers craft beer to be a beer where you can connect to the people who made it, sense their commitment, and enjoy the difference of flavors and its originality.
- \*3 Products of premixed low alcoholic beverages that can be enjoyed straight from the can or bottle. RTD is an acronym for “Ready to Drink.”

## Overseas Integrated Beverages Businesses Division

**Consolidated sales: ¥561.4 billion** (down 10.1% compared to the previous fiscal year)

**Consolidated operating income: ¥43.3 billion** (up 30.2% compared to the previous fiscal year)

### Major Products of Kirin Group Companies

#### Lion Pty Limited

**Beer Spirits, and Wine:** *XXXX GOLD, James Squire, Little Creatures, Dairy and Drinks:* *Dare, Dairy Farmers*

#### Brasil Kirin Holding S.A.

**Alcoholic Beverages:** *Schin, Devassa, Eisenbahn Soft Drinks:* *Viva Schin*

#### Myanmar Brewery Limited

*Myanmar Beer, Andaman, Myanmar Premium*

In the Beer, Spirits, and Wine Business, Lion Pty Limited continued to work on vitalizing the beer market to achieve sustainable growth and strengthening the business platform of major brands, especially the leading product *XXXX GOLD*, and of craft beer, which is a growth category. Sales volume of core craft beer brands *James Squire* and *Little Creatures* grew year on year, and Lion Pty Limited completed the acquisition of craft beer breweries in Australia and New Zealand that are showing growth. Meanwhile, following the termination of the license agreement for the distribution of beer products with Anheuser-Busch InBev, Lion Pty Limited ceased to distribute imported beer of Anheuser-Busch InBev in Australia in September. In the Dairy and Drinks Business, Lion Pty Limited continued to advance structural reform to improve profitability and reduce costs by revising our SCM<sup>4</sup> as a whole. The dairy beverages category, which the company focused on in the Dairy and Drinks Business, had strong sales of its leading brand *Dare*.

Brasil Kirin Holding S.A. worked to increase management efficiency and reform its revenue structure, while flexibly responding to changes in the market environment. Sales volume of beer products exceeded that of the previous fiscal year through sales activities tailored to each region's characteristics, with a focus on its leading product *Schin* in the north and northeast regions, while in the south and southeast regions, the focus was placed on products in the medium-priced and high-end categories, such as *Devassa*, which was renewed as a product in the medium-priced category, and premium beer *Eisenbahn*. In the Soft Drinks Business, the company posted an increase in sales volume of *Viva Schin*, the leading carbonated drink brand that underwent a major renewal in the previous fiscal year. It also worked to improve the management efficiency of its own distributor and reduce procurement costs, in an effort to reform the revenue structure. It also advanced the optimization of its manufacturing sites, selling a plant in the outskirts of Rio de Janeiro<sup>5</sup>.

Myanmar Brewery Limited strove to instill the new management philosophy reflecting corporate philosophy of the Kirin Group while maintaining its original strengths, and maintain and reinforce its position as a leader of the Myanmar beer market. While sales volumes of the leading brand *Myanmar Beer* and a low-priced product *Andaman* increased, the company launched high-end products, *Myanmar Premium* and *KIRIN ICHIBAN* to

strengthen its brand portfolio. In addition, in order to respond to strong market demand, the company has been upgrading its production facilities and works to improve manufacturing efficiency with technical support on production from Kirin.

- \*4 SCM is an acronym for “Supply Chain Management.” SCM is to efficiently build and maintain a supply chain, from procurement of raw materials, to production in plants, and to supply, demand, and distribution of products.
- \*5 The plant was sold through the transfer of all shares in Cachoeiras de Macacu Bebidas Ltda., which is a subsidiary of Brasil Kirin Holding S.A. and the owner of the plant.

## Pharmaceuticals and Bio-chemicals Business Division

**Consolidated sales: ¥335.7 billion** (down 5.6% compared to the previous fiscal year)

**Consolidated operating income: ¥34.7 billion** (down 25.8% compared to the previous fiscal year)

### Major Products

#### **Kyowa Hakko Kirin Company, Limited**

*NESP, REGPARA, G-Lasta, ALLELOCK, Patanol, LUMICEF, NOURIAST*

#### **Kyowa Hakko Bio Company, Limited**

Kyowa Hakko Bio's health foods series (*Ornithine, Arginine EX*, etc.)

In the Pharmaceuticals Business of Kyowa Hakko Kirin Company, Limited, sales fell year on year due mainly to the penetration of generic products and the effects of the drug price revision in April. However, in the domestic market, the company posted strong sales of the leading product *NESP*<sup>6</sup>, a long-acting erythropoiesis stimulating agent, *G-Lasta*<sup>7</sup>, sustained duration G-CSF product, and *NOURIAST*, a therapeutic agent for Parkinson's disease through the strategic sales resource allocation. In addition, in September it launched the new product *LUMICEF* in Japan ahead of the other markets in the world, offering a new treatment option for psoriasis. Overseas, it worked to achieve penetration of the brand by unifying the corporate names of subsidiaries in Europe and the U.S. into KYOWA KIRIN and advanced efforts to expand business areas mainly for *Moventig*, an opioid-induced constipation treatment, which was newly launched in Europe, and to strengthen the foundation for the upcoming launch of its in-house products in the market. In terms of research and development, KRN23<sup>8</sup>, which holds the key to dramatic growth, was granted Breakthrough Therapy Designation from the U.S. Food and Drug Administration (FDA) in June, and an application for approval was received by the European Medicines Agency (EMA) at the end of the year. Product development in Japan also proceeded smoothly.

In the Bio-Chemicals Business, domestic sales of the leading product *Ornithine* and new product *Arginine EX* were strong in the mail order business of Kyowa Hakko Bio Company, Limited. However, overseas sales declined year on year due mainly to the significant impact of the appreciation of the yen, as well as to the drop in prices of some pharmaceutical raw materials.

\*6 *NESP*: A drug that can be used to alleviate renal anemia, which is one of the complications seen mainly in patients suffering from chronic kidney disease.

\*7 *G-Lasta*: A drug that can be administered preventively to treat febrile neutropenia induced by chemotherapy.

\*8 KRN23: A drug that is being developed as treatment for X-linked Hypophosphatemia (XLH), an uncommon, primarily genetic disorder that inhibits growth and maintenance of the bones. XLH is an uncommon disease that shows symptoms of rickets and osteomalacia.

## Other Businesses Divisions

**Consolidated sales: ¥24.6 billion** (down 3.1% compared to the previous fiscal year)

**Consolidated operating income: ¥3.3 billion** (down 13.7% compared to the previous fiscal year)

## Major Products

### **Koiwai Dairy Products Company, Limited**

*Koiwai Namanyu 100% Yogurt, Koiwai Namanyu Yogurt Creamy and Fat-free, Koiwai Margarine with Fermented Butter, Koiwai Margarine Healthy and Rich*

Koiwai Dairy Products Company, Limited put efforts into sales activities with a focus on *Koiwai Namanyu 100% Yogurt*, the leading product that is unique to Koiwai, and advanced improvements to shift to a more profitable product lineup and cost reductions, resulting in increased income.

However, in the Other Businesses as a whole, both sales and income declined due to a major drop in facility utilization rate of Yokohama Arena owing to its large-scale renovations from January to June.

## **(2) Future challenges**

Among the key initiatives of the 2016 MTBP, there remained issues in fiscal year 2016 with regard to “Invest, strengthen and grow profit base in beer businesses” in light of the decline in sales volume at Kirin Brewery Company, Limited, an important pillar of the Kirin Group. At the same time, however, we are seeing the steady emergence of results that will lead to reform and regrowth in the future, including improvement in profitability at Kirin Beverage Company, Limited. In fiscal year 2017, therefore, we will seek to “restructure and revitalize Kirin, groupwide” by stepping up measures to address the three key initiatives laid out in the 2016 MTBP. As for investments aimed at growth, strengthening the profit base of Kirin Brewery Company, Limited will be our top priority.

Furthermore, based on the Group Vision set out in the New KV2021, the Kirin Group will make efforts to solve social issues and to deliver value to customers at the same time with the aim of realizing sustainable growth together with society, by leveraging the Kirin Group’s technological capabilities, our strong point, through the core businesses of alcoholic beverages, non-alcoholic beverages, pharmaceuticals and bio-chemicals. In particular, with regard to initiatives to address social issues, we have positioned “health and well-being,” “contribution to local communities,” and “the environment,” which are themes closely related to our business, as priority issues for the Kirin Group’s long-term CSV<sup>1</sup> efforts, based on the premise of addressing alcohol-related problems as the responsibility of an alcoholic beverages manufacturer. Based on the Group’s CSV commitment that sets out policy regarding the social contribution and initiatives aimed for by the Group with regard to these priority issues, each of major Kirin Group companies will realize the creation of social value and economic value through its respective business.

In addition, through the efforts of the Kirin Group as a whole, we will work to improve ROE before amortization of goodwill, etc. and normalized EPS, which are key performance indicators. We will make returns to shareholders based on a policy of paying stable dividends at a consolidated dividend payout ratio on normalized EPS of 30% or more.

With regard to corporate governance, the Kirin Group will organize an optimal governance system to realize the New KV2021 and promote collaboration with stakeholders<sup>2</sup>, in accordance with the Corporate Governance Policy established in 2016. In particular, we will sincerely fulfill our accountability to our shareholders and investors by promptly disclosing information on the basis of transparency, fairness, and continuity while engaging in active and constructive dialogue.

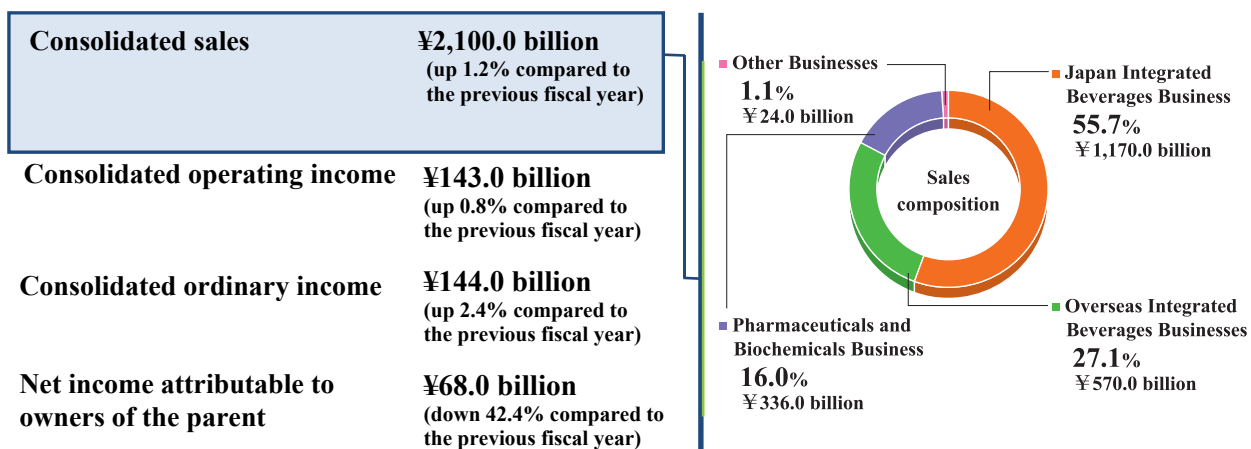

As well, in order to make even greater use of the Group’s capabilities, we will strengthen cooperation in areas such as research and development, SCM, and marketing among various Kirin Group employees throughout the world across businesses and regions. We will also enhance human resources development for those who will be responsible for managing the Group in the future through an enriched leadership program.

\*1 CSV is an acronym for “Creating Shared Value.” CSV is a management concept that seeks to enhance corporate value by addressing societal issues to create social value and to create economic value.

\*2 Stakeholders refer in general to those involved in a company’s activities. The Kirin Group considers customers, shareholders and investors, employees, communities,

business partners, and the environment to be common stakeholders of the Kirin Group.

### Results forecast for the next fiscal year

### Reference

ROE before amortization of goodwill, etc.	13.9%
Normalized EPS	¥126 (up 0.8% compared to the previous fiscal year)

## **Japan Integrated Beverages Business Division**

In anticipation of the revised liquor tax scheme set by the controlling political party in the FY2017 Tax Reform Proposal, Kirin Brewery Company, Limited will press ahead with building a robust brand portfolio by implementing a brand strategy that reflects a deep understanding of our customers and extends all the way to the store counter. In the challenging *happo-shu* and new genre categories, our goal is to recover sales volume through revitalization based on strategies tailored to the brand characteristics of each product. At the same time, with a view to the medium- to long-term vitalization of the beer market, we will further enhance the appeal of the beer category through new value proposals, including proactive activities to expand points of contact with craft beer customers in addition to activities to strengthen the *Kirin Ichiban Shibori* brand. Meanwhile, we aim to strengthen our business foundation by reforming our revenue structure through reduction of SCM costs and other measures. In order to provide value to customers with the unification of business activities from production to sales, Kirin Beer Marketing Company, Limited was integrated into Kirin Brewery Company, Limited in January 2017.

Mercian Corporation aims to achieve sustainable growth of the wine market as a whole by carrying out marketing activities focused on priority brands in each category. Through its flagship brand *Château Mercian*, Mercian Corporation will continue to increase awareness of the value of Japanese wine, which is marking 140 years since its birth, while contributing to the vitalization of grape-growing regions and communities. It will also make proposals to offer a wider range of drinking occasions for customers and to broaden the wine market base. Mercian Corporation will also work to boost the profitability of the wine business by developing fine wine and strengthening and enhancing established brands.

Kirin Beverage Company, Limited will press ahead further with building a robust brand portfolio to achieve sustained and profitable growth. Specifically, it will position *Kirin Gogo-no-Kocha*, *Kirin Nama-cha*, and *Kirin FIRE* as priority brands for creating new value based on the concept of “health and well-being” unique to Kirin. In addition, Kirin Beverage Company, Limited will work to further step up its transformation to a highly profitable business structure through measures such as continuing sales target management focused on products in cans and small PET bottles, strengthening efforts for each sales channel, and structural reforms aimed at reducing SCM costs.

## **Overseas Integrated Beverages Businesses Division**

In the Beer, Spirits, and Wine Business, Lion Pty Limited will re-build the brand portfolio after termination of the beer distribution license agreement with Anheuser-Busch InBev by way of revitalizing its own brands and Kirin brands and allocating management resources to promotion of the expansion of growth categories such as craft beer, in order to achieve a recovery in profitability. Furthermore, it will continue to carry out aggressive advertising and educational activities to convey the innate value of beer with the aim of activating the mature beer market in Australia and New Zealand. In the dairy and drinks business, Lion Pty Limited will further bolster its sales capabilities in the targeted dairy beverages category, while continuing cost reduction efforts by revising SCM as a whole.

Profitability at Brasil Kirin Holding S.A. improved in fiscal year 2016 at a faster pace than originally planned, thanks to product sales strategies for each region and exhaustive profit structure reform. However, considering Brazil's unstable political and economic environment and the fierce competitive trend in the alcoholic and non-alcoholic beverages markets, we judged that there were certain limitations for Brasil Kirin Holding S.A. to achieve medium- to long-term growth on its own. We therefore concluded a share transfer agreement in February 2017, whereby all shares in Brasil Kirin Holding S.A. shall be transferred to Bavaria S.A., a subsidiary of Heineken International B.V. In the period up to the share transfer, we aim to further improve profitability by adopting sales strategies that respond flexibly to changes in the market environment and promoting profit structure reform through measures including improvement of SCM.

Myanmar Brewery Limited will build a robust brand portfolio by carrying out appropriate marketing for each product category in order to solidify its leading position in the Myanmar market. With the aim of improving organizational capabilities, it will promote awareness and understanding of the new management philosophy, while working to secure outstanding personnel and develop human resources by enhancing expertise. Furthermore, by acquiring shares in Mandalay Brewery Limited, it will secure beer manufacturing and shipment sites in northern Myanmar in an effort to establish a platform to respond to demand in Myanmar's expanding market. Capital investment will also be made to strengthen the production base, including installation of new brewing equipment at existing facilities.

## **Pharmaceuticals and Bio-chemicals Business Division**

In the Pharmaceuticals Business of Kyowa Hakko Kirin Company, Limited, it will seek to evolve into a "global specialty pharmaceutical company" by launching or making applications for products according to a plan focused on global strategic products. In Japan, Kyowa Hakko Kirin Company, Limited will reinforce its customer relations excellence by promoting area strategies according to regional medical vision and strategic use of sales resources so that new products and priority products can quickly penetrate the pharmaceutical market. In the Bio-Chemicals Business, the company will further increase the value of branding products<sup>3</sup>, enhance relationship-building with customers in the mail order business, and strengthen the pharmaceutical raw materials business. It will also press ahead with appropriate cost management and cost reductions while getting started on reorganization of production bases to boost productivity of plants.

\*3 Branding products: Products differentiated from other companies' products through sales by independently giving ingredients, such as citicoline, a brand name rather than using

the name of the ingredients themselves.

**Other Businesses Divisions**

Koiwai Dairy Products Company, Limited will focus on its highly original *Koiwai Namanyu 100% Yogurt* and *Koiwai Namanyu Yogurt Creamy and Fat-free* in the fermented dairy category and build a further highly profitable brand portfolio.

We would like to ask all of our shareholders for their continued understanding and support in the future.

### **Kirin-Sri Lanka Friendship Project: Making a contribution to the tea-growing country of Sri Lanka while ensuring sustainable sourcing of raw materials**

*Kirin Gogo-no-Kocha*, which was launched in 1986, marked its 30th anniversary in 2016. High quality tea leaves from Sri Lanka have been an important element supporting the authentic flavor of *Kirin Gogo-no-Kocha*. Approximately 60% of black tea leaves imported by Japan are grown in Sri Lanka, and about one-third of those leaves are used in the production of *Kirin Gogo-no-Kocha*\*.

\* Research by Kirin, based on 2015 trade statistics of the Ministry of Finance in Japan.

The Kirin Group started the Kirin-Sri Lanka Friendship Project in 2007, the year following the 20th anniversary of the launch of *Kirin Gogo-no-Kocha*. The aim of the project is to build better partnerships with the producing region and people who work there, and to promote activities to increase the sustainability of the producing region. Two programs are currently being implemented.

### **Supporting Acquisition of Rainforest Alliance Certification**

With the aim of preserving the ecosystem and improving the working and living environment of those who work on tea farms, the Kirin Group funds training for Sri Lankan tea farms to acquire Rainforest Alliance Certification, a sustainable farming certification system. Launched in 2013, the program has already seen training begun at a total of more than 90 tea farms and over 40 farms have been certified in the four years up to the end of 2016.

With certification, a system is put in place that ensures traceability extending to the farm, making it easier to grasp actual conditions on the farm.

Certification is also expected to trigger ripple effects such as greater management efficiency on farms and improvement in the quality of black tea leaves.

### **Establishment of Kirin Library**

Since 2007, the Kirin Group has been carrying out a project to set up bookshelves, along with a gift of about 100 books, in Sri Lankan schools. By the end of 2016, donations had been made to over 100 schools, and the Kirin Group will continue to implement the project from 2017 onwards with a target of donating libraries to 100 schools over a five-year period.

We will continue to place great value on our partnerships with producers and will promote activities to increase the sustainability of the producing region. The Kirin Group aims for a happy future together with its customers by striving to resolve the three social issues, namely, “health and well-being,” “contribution to local communities,” and “the environment,” through its business.

#### 4. Accounting Auditor

##### (1) Name of Accounting Auditor

KPMG AZSA LLC

##### (2) Remuneration to the Accounting Auditor

1)	Amount of remuneration paid for services as the Accounting Auditor during the fiscal year under review	¥242 million
2)	Total amount of money and other property benefits to be paid by the Company and its subsidiaries for services during the fiscal year under review	¥539 million

- (Notes) 1. The Company's Audit & Supervisory Board has made the agreement mentioned in Article 399, Paragraph 1 of the Japanese Companies Act regarding remuneration to the Accounting Auditor. In agreeing to such remuneration, the Company's Audit & Supervisory Board has, in light of the "Guidance on Cooperation with Accounting Auditor" announced by the Japan Audit & Supervisory Board Members Association, deliberated the adequacy of the scheduled audit hours and amount of remuneration proposed for the current fiscal year, by comparing the audit plans and the performance of the Accounting Auditor for the previous fiscal year and by confirming the progression of the hours of audits and the amount of remunerations.
2. The audit agreement between the Accounting Auditor and the Company does not separately stipulate audit remuneration for audit under the Japanese Companies Act or audit under the Financial Instruments and Exchange Act. Furthermore, such remuneration is practically indivisible. Hence, the remuneration referred to at 1) above does not separate these two payments.
  3. The Company pays the Accounting Auditor for services including advice and guidance on the International Financial Reporting Standards (IFRS), which are beyond the scope of operations stipulated in Article 2, Paragraph 1 of the Certified Public Accountants Act (non-audit operations).
  4. Among the significant subsidiaries of the Company, the financial statements of three (3) companies including Kyowa Hakko Kirin Company, Limited are audited (limited to audits stipulated in the Japanese Companies Act or the Financial Instruments and Exchange Act (including similar foreign laws)) by a certified public accountant or an auditing firm (including overseas auditors possessing similar qualifications) other than the Accounting Auditor of the Company.

### **(3) Policy regarding decisions to dismiss or deny reappointment of Accounting Auditor**

If the Company's Audit & Supervisory Board determines that any of the items of Article 340, Paragraph 1 of the Japanese Companies Act apply with respect to the Accounting Auditor, it shall dismiss the Accounting Auditor. Such dismissal shall require the unanimous agreement of all the Audit & Supervisory Board Members.

The Company's Audit & Supervisory Board will determine the content of proposals calling for the dismissal or denial of reappointment of the Accounting Auditor, which shall be submitted to the General Meeting of Shareholders if it is determined that a change of Accounting Auditor is necessary for reasons such as having difficulty in execution of duties by the Accounting Auditor as a result of a comprehensive evaluation from a perspective of qualification, expertise, independence from the Company, and other assessment standards.

## **5. Systems to ensure appropriate operation and the status of its implementation**

### **(1) Basic policies for the internal control system**

The Company resolved at the Board Meeting to adopt the following basic systems (the internal control system) to ensure the appropriate operation of the Company:

#### **(1) System to ensure compliance of performance of duties by the Directors, etc.\* and employees of Kirin Group companies with laws and the articles of incorporation (Compliance System)**

**\*Directors, etc., refers to Directors of the Board, Executive Officers and other business administrators. Also hereinafter.**

The Directors of the Board of the Company shall decide upon the basic compliance policy for the Kirin Group and promote the policy by developing effective structures and provisions to execute the policy and by integrating it with the activities in each Kirin Group company. In addition, the Directors of the Board shall carry out educational programs on compliance, clarify procedures concerning responses to breaches of compliance, and make those procedures public throughout the Kirin Group companies. The Group Internal Audit of the Company (including the internal audit divisions of each Kirin Group company) shall carry out internal auditing to ensure that these systems are properly developed and applied.

Also, the Directors of the Board shall establish internal control reporting system to ensure reliability of the financial reports and conduct their operation and evaluation effectively and efficiently.

#### **(2) System to ensure the proper preservation and maintenance of information regarding the performance of duties by the Directors of the Board of the Company (System of Information Preservation and Maintenance)**

The Directors of the Board of the Company shall preserve the following documents (including electromagnetic record) together with the related materials for at least ten years and make them available for inspection as necessary.

- Minutes of General Meeting of Shareholders
- Minutes of Board Meetings
- Minutes of the Group Executive Committee and other significant meetings
- Approval applications (approval authority of Directors and above)
- Financial statements, business reports, and their detailed statements

#### **(3) Regulations and other systems related to the control of the risk of loss of the Kirin Group (Risk Management System)**

The Directors of the Board of the Company shall establish basic policy on the risk management of the Kirin Group and promote the policy by developing effective structures and provisions to execute the policy and by integrating it with activities in each Kirin Group company. In addition, the Directors of the Board shall implement educational programs on risk management, clarify procedures concerning the disclosure of risks and responses to the occurrence of crises, and make those procedures public throughout the Kirin Group companies. The Group Internal Audit of the Company (including the internal audit divisions

of each Kirin Group company) shall carry out internal auditing to ensure that these systems are properly developed and applied in each Kirin Group company.

**(4) System to ensure the efficient performance of duties by the Directors, etc. of Kirin Group companies (Efficient Performance System)**

The Directors of the Board of the Company shall develop a management control system comprising the following items to ensure the efficient performance of duties by Directors, etc. of the Kirin Group companies.

- In addition to Board Meetings, organizing the Group Executive Committee to deliberate significant matters affecting the entire Kirin Group, thereby ensuring that decisions are reached carefully based on considerations of multi-dimensional aspects;
- Appointing the Executive Officers, who are responsible for business administration, and also dispatching directors to each Kirin Group company to oversee appropriate and efficient performance of duties and decision making when necessary;
- Ensuring appropriate and efficient performance of duties according to the authority and decision-making rules based on the regulations on work authority of the Company; and
- Establishing quantitative and qualitative targets in the annual plan at each Kirin Group company and monitoring their performance by way of quarterly monitoring, etc.

**(5) System for reporting performance of duties by the Directors, etc. of Kirin Group companies and other systems to ensure appropriate operations (System for Reporting Performance of Duties and Other Group Internal Control System)**

In order to report performance of duties by the Directors, etc. of Kirin Group companies and to ensure other appropriate operations, the Directors of the Board of the Company shall develop rules and standards to be applied to each Kirin Group company, including the following items, and carry out operations in compliance with these rules and standards.

- Items related to the governance and monitoring of each Kirin Group company
- Items related to guidance and management concerning the maintenance of the internal control system for each Kirin Group company
- Items related to the communication system\* within the Kirin Group companies
- Items related to the Group internal auditing system operated by the Group Internal Audit of the Company

\* The system to share information within the Kirin Group, the compliance hotline system, and other related items.

**(6) Items regarding assignment of employees as support staff for Audit & Supervisory Board Members of the Company when they request support staff (Audit & Supervisory Board Member Related System)**

The Directors of the Board of the Company shall assign its employees as support staff for Audit & Supervisory Board Members of the Company.

**(7) Items related to the assurance that the employees assigned as support staff as in the preceding provision remain independent from the Directors of the Board of the Company and to secure the effective implementation of directions by Audit & Supervisory Board Members of the Company to these employees**

In order to ensure the independence of the employees assigned as support staff from the Directors of the Board of the Company, the consent of the Audit & Supervisory Board Members of the Company shall be required for any decision related to personnel affairs, including the appointment, transfer and assessment of such employees. Such employees shall not simultaneously assume any other assignment related to the operation of business and shall only follow instructions of the Audit & Supervisory Board Members of the Company.

**(8) System to ensure reporting to Audit & Supervisory Board Members of the Company by Directors, Audit & Supervisory Members and employees of the Kirin Group companies**

The Directors of the Board of the Company shall report to the Audit & Supervisory Board Members of the Company on matters specified by such members in advance in accordance with the provisions of the Audit & Supervisory Board Members' audit standard of the Company. Principal items are as follows.

- Any matter that may impose material damage to any Kirin Group company, upon discovery
- Matters that require the consent of Audit & Supervisory Board Members of the Company under the applicable laws
- The status of maintenance and implementation of internal control system of the Kirin Group companies

The Audit & Supervisory Board Member of the Company may request the Directors of the Board, Audit & Supervisory Board Members, and employees of each Kirin Group company to report on other matters any time as necessary.

The Directors of the Board, Audit & Supervisory Board Members, and employees of each Kirin Group company (including those who receive reports from these Directors of the Board, Audit & Supervisory Board Members and employees) may directly report matters that they judge to be appropriate to the Audit & Supervisory Board Members of the Company in order to ensure the appropriate operation of each Kirin Group company.

Audit & Supervisory Board Members of the Company shall receive a quarterly update on the operation of the compliance hotline system. Further, when necessary, they may request the immediate report on the operation of the said system.

**(9) System to ensure that ones who make reports to the Audit & Supervisory Board Members as outlined in the preceding provision are not treated unfairly**

The Directors of the Board of the Company shall prepare common regulations for the Kirin Group companies to ensure that ones who make reports to the Audit & Supervisory Board Members as outlined in the preceding provision are not treated unfairly for this reason, and shall make those regulations public throughout the Kirin Group companies and implement them appropriately.

**(10) Policy for the pre-payment or reimbursement of expenses incurred in the performance of duties of the Audit & Supervisory Board Members of the Company**

After discussions with Audit & Supervisory Board Members of the Company, the Directors of the Board of the Company shall set the policy for the pre-payment or reimbursement of expenses incurred in the performance of duties of the Audit & Supervisory Board Members of the Company.

**(11) Other systems to ensure efficient auditing by Audit & Supervisory Board Members of the Company**

Audit & Supervisory Board Members of the Company shall hold a regular meeting with the Representative Directors and Outside Directors of the Company for the exchange of opinions.

Further, the Directors of the Board of the Company shall establish systems to ensure effective auditing by Audit & Supervisory Board Members of the Company. This will include ensuring that Audit & Supervisory Board Members of the Company have the opportunity to attend the meetings of each Kirin Group company, at the request from the Audit & Supervisory Board Members of the Company.

**(2) Implementation of internal control system**

**(1) System to ensure compliance of performance of duties by the Directors, etc. and employees of Kirin Group companies with laws and regulations, and the articles of incorporation (Compliance System)**

The Kirin Group has established “Passion and Integrity” as “One Kirin” Values, the common values of the Kirin Group, and is making efforts to instill these values in Directors of the Board, Audit & Supervisory Board Members, Executive Officers and employees of each Kirin Group company. Additionally, the Kirin Group has defined its views on compliance in “Kirin Group Compliance Guidelines” and is also publicizing and carrying out educational programs in order to promote awareness throughout the Kirin Group. Further, rules on the compliance hotline system have been formulated and each Kirin Group company has developed and implemented a compliance hotline system, while they protect the anonymity of whistleblowers and prohibit unfair treatment against such whistleblowers.

**(2) System to ensure the proper preservation and maintenance of information regarding the performance of duties by the Directors of the Board of the Company (System of Information Preservation and Maintenance)**

The Company appropriately stores Minutes of Meetings of Shareholders, Minutes of Board Meetings and financial statements, etc., for the number of years pursuant to laws and regulations.

**(3) Regulations and other systems related to the control of the risk of loss of the Kirin Group (Risk Management System)**

The Kirin Group has established the “Group Risk Management Regulations” and the “Group Risk Management System Manual,” which set forth the purpose, system and methods of risk management, and the “Group Crisis Management Manual,” which sets forth procedures to be taken in the event of a crisis, and publicizes and applies these rules to each of the Kirin Group companies. Additionally, Group Risk and Compliance Committee meetings are held to review activities conducted regarding risk management, and deliberate and report on future activity plans.

**(4) System to ensure the efficient performance of duties by the Directors, etc. of Kirin Group companies (Efficient Performance System)**

The Company has clarified the decision-making rules, including the rules on matters to be resolved at the Board Meetings, based on the Rules of the Board. In the fiscal year under review, in addition to the Board Meetings held for a total of 16 times, the Group Executive Committee Meetings were held 9 times to deliberate prescribed matters. Additionally, the Company has adopted the executive officer system, in an effort to flexibly execute the strategies for each business and function, as well as to clarify the responsibility, and has been improving the efficiency of its decision-making.

The Company conducted performance management on each Kirin Group company through quarterly monitoring, etc., based on the Medium-Term Business Plan (from 2016 to 2018) and annual plans.

**(5) System for reporting performance of duties by the Directors, etc. of Kirin Group companies and other systems to ensure appropriate operations (System for Reporting Performance of Duties and Other Group Internal Control System)**

The Company has developed rules and standards related to the monitoring of each Kirin Group company based on the regulations on work authority and conducts monitoring on a quarterly basis.

Additionally, the Company’s Board confirms the status of development and application of the internal control system each fiscal year.

**(6) Items regarding employees as support staff for Audit & Supervisory Board Members of the Company when they request assignment of such support staff (Audit & Supervisory Board Member Related System)**

The Company has established the Audit & Supervisory Board Support Section as a structure to assist duties of Audit & Supervisory Board Members in order to enhance the audit function performed by Audit & Supervisory Board Members.

**(7) Items related to the assurance that the employees assigned as support staff under section (6) remain independent from the Directors of the Board of the Company and to secure the effective implementation of instructions by Audit & Supervisory Board Members of the Company to such employees**

Dedicated employees who are assigned as support staff for the Company's Audit & Supervisory Board Members are independent from the performance of duties of the Company, and obey exclusively to the instructions and command of the Company's Audit & Supervisory Board Members.

**(8) System to ensure reporting to Audit & Supervisory Board Members of the Company by Directors, Audit & Supervisory Members and employees of Kirin Group companies**

Each Kirin Group company has developed a compliance hotline system, and reports on its status of implementation to the Company's Audit & Supervisory Board Members on a regular basis.

The Company is also aiming to establish an appropriate compliance hotline system for the entire Kirin Group, through the implementation of the "Kirin Group Direct Hotline to the Audit & Supervisory Board Members," which was established in the fiscal year 2015.

**(9) System to ensure that persons who make reports to the Audit & Supervisory Board Members as outlined in the preceding provision are not treated unfairly**

The Kirin Group has established rules related to the development and operation of the compliance hotline system, in order to ensure a system which protects the anonymity of ones making reports as mentioned in the preceding provision and which prohibits unfair treatment of such persons, and has implemented and publicized such rules throughout each of the Kirin Group companies.

**(10) Policy for the pre-payment or reimbursement of expenses incurred in the performance of duties of the Audit & Supervisory Board Members of the Company**

The Company has determined and appropriately implements policies related to prepayment or reimbursement procedures for expenses incurred in the performance of duties of the Audit & Supervisory Board Members of the Company.

**(11) Other systems to ensure efficient auditing by Audit & Supervisory Board Members of the Company**

During the fiscal year under review, the Company's Audit & Supervisory Board Members had interviews for a total of 4 times with President & Chief Executive Officer and exchanged information with Outside Directors for a total of 2 times, as well as participated in all of the Group Executive Committee Meetings held in the fiscal year under review.

We have audited the consolidated financial statements, comprising the consolidated balance sheet, the consolidated statement of income, the consolidated statement of changes in net assets and the related notes of Kirin Holdings Company, Limited as at December 31, 2016 and for the year from January 1, 2016 to December 31, 2016 in accordance with Article 444-4 of the Companies Act.

### **Management's Responsibility for the Consolidated Financial Statements**

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with accounting principles generally accepted in Japan, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatements, whether due to fraud or error.

### **Auditor's Responsibility**

Our responsibility is to express an opinion on the consolidated financial statements based on our audit as independent auditor. We conducted our audit in accordance with auditing standards generally accepted in Japan. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, while the objective of the financial statement audit is not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

### **Opinion**

In our opinion, the consolidated financial statements referred to above present fairly, in all material respects, the financial position and the results of operations of Kirin Holdings Company, Limited and its consolidated subsidiaries for the period, for which the consolidated financial statements were prepared, in accordance with accounting principles generally accepted in Japan.

### **Emphasis of Matter**

Without qualifying our opinion, we draw attention to the following:

1. As discussed in Notes for Changes in Accounting Policies to the consolidated financial statements, with respect to the depreciation method for property, plant and equipment, Kirin Holdings Company, Limited and its consolidated subsidiaries that belong to the Japan Integrated Beverages Business had previously adopted the declining-balance method except for buildings (excluding building fixtures) acquired on or after April 1, 1998, which were depreciated using the straight-line method. However, starting from the year ended December 31, 2016, the method has been changed to the straight-line method for all assets. At the same time, the useful lives for certain property, plant and equipment have been revised.
2. As discussed in Notes for Subsequent Events to the consolidated financial statements, Kirin Holdings Company, Limited resolved to transfer all shares in Brasil Kirin Holding S.A., the Company's consolidated subsidiary, at the Board Meeting held on February 13, 2017, and concluded a share transfer agreement on the same date. The conditions for the transfer of the shares stipulate that the transaction is subject to examination and approval by the relevant authorities.

### **Other Matter**

Our firm and engagement partners have no interest in the Company which should be disclosed pursuant to the provisions of the Certified Public Accountants Law of Japan.

## **Audit & Supervisory Board Members' Report**

We the Audit & Supervisory Board Members of the Company, based on the audit reports prepared by each Audit & Supervisory Board Member regarding the performance of duties by the Directors of the Board during the 178<sup>th</sup> business year from January 1, 2016, to December 31, 2016, prepared this audit report upon deliberation and hereby report as follows:

### 1. Audit Methods by Audit & Supervisory Board Members and the Audit & Supervisory Board and its Details

(1) The Audit & Supervisory Board established audit policy of this term, planning of audits, etc., and received reports from each Audit & Supervisory Board Member regarding the state of implementation of his or her audits and results thereof, as well as received reports from the Directors of the Board, etc., and the Accounting Auditor regarding performance of their duties, and sought explanations whenever necessity arose.

(2) Each Audit & Supervisory Board Member complied with the auditing standards of Audit & Supervisory Board Members established by the Audit & Supervisory Board, in accordance with the audit policy of this term, planning of audits, etc., communicated with the Directors of the Board, the internal audit department, other employees, etc., and made efforts to collect information and improve audit environment, and conducted audits in the following methods:

- 1) We attended the Board Meetings and other important meetings, received reports from the Directors of the Board, employees, etc., regarding the state of performance of their duties, sought explanations whenever necessity arose, inspected important decision documents, etc., and made investigation into the state of activities and property at the head office and other main business offices of the Company. With respect to subsidiaries, we communicated and exchanged information with directors, audit & supervisory board members, etc., of the subsidiaries, and visited subsidiaries whenever necessity arose to make investigation into the state of activities and property thereof.
- 2) We monitored and verified the status of the construction and implementation by the Directors of the Board of the system for ensuring that the performance of duties by the Directors of the Board listed on the business report conforms to the laws, regulations and Articles of Incorporation, as well as the resolutions of the Board regarding the improvement of the system stipulated in Article 100, Paragraph (1) and Paragraph (3) of the Ordinance for Enforcement of the Japanese Companies Act and the status of the establishment and operation of the system (internal controls system) that is prepared based on the resolutions, which are necessary for ensuring an appropriateness of operations of a joint stock corporation and corporate group comprised of its subsidiaries.
- 3) We monitored and verified whether the Accounting Auditor maintained their independence and implemented appropriate audits, and we received reports from the Accounting Auditor regarding the state of performance of their duties and sought explanations whenever necessity arose. In addition, we received notice from the Accounting Auditor that "The systems for ensuring the proper performance of duties" (matters set forth in each item of Article 131 of the Rules of Corporate Financial Calculation) is organized in accordance with the "Standards for Quality Control of Audit" (Business

Accounting Council, October 28, 2005) and other relevant standards, and sought explanations whenever necessity arose.

Based on the above methods, we examined the business report and supporting schedules, financial statements (balance sheet, statement of income, statement of changes in net assets, and related notes) and the supporting schedules related to the relevant business term, and the consolidated financial statements (consolidated balance sheet, consolidated statement of income, consolidated statement of changes in net assets, and related notes).

## 2. Results of Audit

### (1) Results of Audit of Business Report and Other Relevant Documents

- 1) In our opinion, the business report and the supporting schedules fairly presents the state of the Company in accordance with the laws, regulations and Articles of Incorporation.
- 2) In connection with the performance of duties by the Directors of the Board, no dishonest act or material fact of violation of laws, regulations, or the Articles of Incorporation exists.
- 3) In our opinion, the contents of the resolutions of the Board regarding the internal controls system, including internal controls related to financial reporting, are fair and reasonable. In addition, we have not found anything that would need to be pointed out in relation to the performance of duties by the Directors of the Board regarding the internal controls system.

### (2) Results of Audit of Financial Statements and Supporting Schedules

In our opinion, the methods and results of audit conducted by the Accounting Auditor, KPMG AZSA LLC are proper.

### (3) Results of Audit of Consolidated Financial Statements

In our opinion, the methods and results of audit conducted by the Accounting Auditor, KPMG AZSA LLC are proper.
